Equipment Operator Position Description:

The ideal candidate will be a self-directed, experienced equipment operator. Equipment Operator position preferred to have previous experience in construction that includes multifaceted civil work including urban drainage, utility, roadway, bridge, and large acreage park development.

Equipment proficiencies at a minimum should include:

- ✓ Skidsteer
- ✓ Loader
- ✓ Excavator

Essential Functions:

- ✓ Subcontractor coordination/accountability
- ✓ Laborer scheduling/direction
- ✓ Assist in maintaining safety on the project by verifying that each employee knows the safety practices required by his position and conducting daily safety inspections of the project
- ✓ Project Tracking including materials deliveries, and equipment checklists and maintenance logs
- ✓ Quality control tracking (materials testing, subgrade testing, etc.)
- ✓ Meet established production rates

Qualifications:

1. Knowledge of construction techniques
2. Valid driver's license with clean driving record, a CDL is a plus.
3. The ability to read and understand blueprints
4. General knowledge of proper equipment operation
5. General equipment mechanical knowledge and skills
6. Knowledge of construction safety practices
7. Strong leadership and communication skills

Additional education, safety training, and labor construction experience a plus.

Benefits including PTO, health insurance, Life Insurance, and 401k are available for employees after an introductory period.

Please reply to this posting with your resume (including prior work experience, relevant training/education, and professional/personal references) and we will reply to qualifying candidates.
